

**Mapping Mobility Stockport
Style B - Expedition Format
Session 1 (Draft)**

Main Objective	Introduce participants to project & map of stockport, propose expedition routes
Length	2 hours
Workshop facilitators	Sam Milsom, Jaime Stowcroft present for mapping assistance
Room setup	Large single table
Tech/equipment	Large print, hi-res map, computer, projector, adaptor
Documentation	Map, photos, notes, dictaphone
Media	Hi-res large-print map of Stockport (provided by Jaime Stowcroft), maps of area from 1900s
Materials	Pens, pencils, post it notes
Catering	Refreshments, tea/coffee/biscuits

Time	Activity	Lead	Materials needed	Outcome
14.00 5m	Introductions, housekeeping, agenda for workshop	SM	Slides / projector	Introduce the workshop agenda
14.05 25m	Icebreaker - old maps of Stockport, early 1900s - what has changed?	SM	Maps of stockport from 1900s	Icebreaker, generate discussion.

14.30 15m	Introduce project <ul style="list-style-type: none"> - Aims and outcomes - Input needed - Schedule - Questions? 	SM	Slides / handouts	Introduce participants to project
14.45 15m	Open discussion around mobility issues <ul style="list-style-type: none"> - What sort of things stop them from taking direct routes? - i.e. kerbs / gates / steps - 1-2-4-all format 	SM	Post it notes / paper or whiteboard	Start to generate list/catalogue of the types of barriers to map
15.00 15m	Introduce participants to Stockport map <ul style="list-style-type: none"> - Large hi res map that can be spread on table - Smaller handout versions - Projected version 	SM/JS	Hi res, large scale map of Stockport, handout versions	Introduce to physical map that will be used
15.15 30m	Highlight and draw on map preferred routes <ul style="list-style-type: none"> - This might be how they got to the venue today - Or how they get from home to town centre or to local shop - Draw directly on map. Pencil? Diff colour for diff groups... <p>Begin to map routes/areas to be documented.</p>	SM/JS	Map, pen, post its	Map routes and areas to be documented before the next session.
15.45 15m	Summary Introduce participants to idea of taking photos if possible. Ask if for one journey in coming week, they would be willing photograph barriers to show next session?	SM	Need anything? ie handout?	Summarise session and prepare for expedition

**Mapping Mobility Stockport
Style B - Expedition Format
Session 2 (Draft)**

Main Objective	Presentation of findings, discussion and mapping.
Length	2 hours
Workshop facilitators	Sam Milsom, Jaime Scowcroft present for mapping assistance
Room setup	Large single table
Tech/equipment	Large print, hi-res map, computer, projector, adaptor
Documentation	Map, photos, notes
Media	Hi-res large-print map of Stockport (provided by Jaime Scowcroft), maps of area from 1900s
Materials	Pens, pencils, post it notes
Catering	Refreshments, tea/coffee/biscuits

Time	Activity	Lead	Materials needed	Outcome
14.00 5m	Introductions, housekeeping, agenda for workshop	SM		
14.05 10m	Recap of routes - Recap the areas that were suggested last week, give overview of photos and things documented.	SM	Maps and photos from expeditions	Recap / reminder

14.15 30m	Did anyone manage to map any routes / take any photos since the last session? If so, map onto GIS map. If facilitator went out, go through these.	SM	GIS Map	Mapping
14:45 30m	Any new things since last week? Throughout this process, document any previously undiscussed topographical accessibility issues and make notes for any further areas to explore.	SM/JS		Mapping
15.15	Focus on places done well	SM		
15:45	Suggest new areas to document, and wrap up.	SM		

Mapping Mobility Stockport

**Style B - Expedition Format
Session 3 (Draft)**

Main Objective	Presentation second set of findings, discussion and mapping. (Aside from wrap up at end this is very similar to Session 2)
Length	2 hours
Workshop facilitators	Sam Milsom, Jaime Stowcroft present for mapping assistance
Room setup	Large single table
Tech/equipment	Large print, hi-res map, computer, projector, adaptor
Documentation	Map, photos, notes
Media	Hi-res large-print map of Stockport (provided by Jaime Stowcroft), maps of area from 1900s
Materials	Pens, pencils, post it notes
Catering	Refreshments, tea/coffee/biscuits

Time	Activity	Lead	Materials needed	Outcome
14.00 5m	Introductions, housekeeping, agenda for workshop	SM		
14.05 25m	Did anyone manage to map any routes / take any photos since the last session? If so, map onto GIS map. Stockport maps out too.	SM	GIS Map	Mapping

14.30 10m	Recap of routes <ul style="list-style-type: none"> - Recap the areas that were suggested last week, give overview of photos and things documented. 	SM	Maps and photos from expeditions	Recap / reminder
14:45 60m	Mapping of findings onto the GIS map / OSM <ul style="list-style-type: none"> - Share findings. Go through areas one by one, using photo prompts on projector and discuss. - Also use 360 photos to give better understanding - Sam and Jaime scribble of GIS map and input into OSM live. <p>Throughout this process, document any previously undiscussed topographical accessibility issues and make notes for any further areas to explore.</p>	SM/JS	Maps, photos from expeditions Do we need photos as handouts rather than on projector?	Mapping
15:45	Wrap up. Explain what next steps will be.	SM
